PROGRAMUL LUMEN ACADEMIC

Filosofia Programului

Programul Lumen Academic este, începând cu anul 2009, parte componentă a Programului de Promovare a Tinerilor Cercetători. În cadrul secțiunii Lumen Academic vor fi selecționate lucrări realizate de cercetători cu titlul științific de doctor sau cel puțin puțin înscrisi la doctorat provenind din universități din țară sau străinătate, institute de cercetări sau alte instituții a căror activitate este dedicată cercetării științifice. Prin excepție în această categorie vor fi acceptate lucrări ale cercetătorilor fără criteriul limitei de vârstă.

Domeniile de cercetare vizate pentru acest program sunt asistența socială, sociologia, politologia, psihologia, filosofia, științele juridice, științele economice, lingvistica, literatura, istoria, marketing-ul și comunicarea, studiile europene, jurnalismul, teologia etc.

Acest program se realizează în baza principiului cofinatării, [Asociația Lumen](#) acoperind între 50% și 75% din costurile aferente cheltuielilor de editare, în funcție de calitatea lucrărilor, valoarea științifică și care presupun premiza unui succes editorial. Selecția lucrărilor trimise în cadrul acestui program se va realiza după metoda Peer Review (a se vedea articolul ce prezintă procesul de Blind Peer Review), proces desfășurat de către comisia de referenți ai [Editurii Lumen](#), cercetători cu titlu științific de doctor sau doctorand în domeniile socio-umane, fapt care va permite selectarea celor mai bune cercetări științifice propuse în cadrul acestei ediții.

Volumul sau cercetarea propuse spre editare trebuie să utilizeze în mod obligatoriu bibliografie internațională de referință, în principal în limba engleză cu o cota de cel puțin 30% din bibliografia totală, din care este indicat ca macar 2 titluri să provină din publicații indexate ISI. În acest sens menționăm că [Editura Lumen](#) găzduiește editorial Revista de Cercetare și Intervenție Socială în numele Universității „Al. I. Cuza” și a Holt România, publicație indexată ISI Thomson. Citarea altor cărți publicate anterior la editura noastră, deși nu este obligatorie, denotă interesul autorului pentru Editura noastră și justifică alegerea acesteia pentru publicarea propriei cercetări.

Materialele pentru selecție vor fi însoțite de un Curriculum Vitae al autorului, o scrisoare de motivație cu privire la publicarea în cadrul Editurii Lumen, în care să se prezinte argumentele considerate de autor semnificative pentru acceptarea la publicare și motivul alegerii Editurii Lumen, un rezumat al materialului în limba română

și engleză ce vor fi publicate pe pagina de internet a Editurii Lumen, în cataloagele proprii, propuse spre indexare internațională etc. Acestea se vor trimite pe adresa: edituralumen@gmail.com cu mențiunea pentru Programul de Promovare a Tinerilor Cercetători și secțiunea pentru care propune materialul științific

Scopul: Stimularea cercetării științifice universitare prin promovarea rezultatelor acestora.

Obiectivele Programului Lumen Academic au în vedere promovarea a cel puțin 15 lucrări valoroase realizate de cadre didactice din mediul universitar, cercetători, specialiști în diferite domenii, precum și promovarea acestora către un public de cel puțin 1000 de persoane interesate cu privire la rezultatele cercetării autorilor selectați.
